RDM JOINS P&H STOREFRONT PROGRAM

- Industry-leading Remote Check Capture Solution to be Integrated into P&H Web Cash Manager Suite -

Waterloo, ON, September 15, 2005 - RDM Corporation (TSX: RC), the leading developer of specialized software and hardware products for electronic payment processing today announced it has joined P&H Solutions Storefront program. P&H Solutions will be integrating RDM's Image and Transaction Management System (ITMS™) into its Web Cash Manager Suite to provide a comprehensive check electronification solution that encompasses both account receivable (ARC) and Check 21 capabilities. This new solution will provide P&H customers with faster time-to-market, and a pre-integrated, easy-to-deploy solution from a single vendor.

"We are delighted that P&H Solutions has chosen us as their remote check capture partner under their industry-leading Storefront program," said Douglas Newman, President and CEO of RDM Corporation. "With the integration and testing of our ITMS system into Web Cash Manager, P&H customers will save time and money while being able to take advantage of the advanced functionality of the combined systems. This represents a significant advantage over other approaches."

ITMS is a web-based check processing service that facilitates the electronic deposit and settlement of payments received by paper check. This fully integrated solution will allow P&H customers to take advantage of the efficiencies and cost savings associated with check electronification as well as utilize the robust applications inherent in Web Cash Manager.

"Through our Storefront program, we offer a customers, pre-integrated, best-of-breed applications in a 'one-stop shopping' environment", said Ralph Dangelmaier, President of P&H Solutions. "RDM is the clear market leader in the business remote capture market with major installations across the United States. We believe the combination of our two leading solutions will be a big winner in the marketplace."

About RDM

RDM Corporation is headquartered in Waterloo, Ontario and trades on the Toronto Stock Exchange under the symbol RC. RDM is a leading developer of specialized software and hardware products for electronic payment processing. RDM has pioneered electronic check conversion systems and web-based image and transaction management services for banks, retailers, payment processors and government agencies. RDM's e-check offering is its innovative and proprietary Image and Transaction Management System (ITMS) whereby transaction information can be remotely captured and processed electronically from distributed locations, freeing up significant customer float time and significantly reducing costs associated with returned checks. For further information, visit RDM's website at www.rdmcorp.com.

About P&H Solutions

Since its founding in 1983, P&H Solutions has continually focused on the needs of financial institutions and their customers, with a strong commitment to helping financial institutions meet their strategic business banking objectives by delivering the most robust application suite in the industry. With over 150 financial institutions in production with its Web Cash Manager Suite, P&H Solutions is the market leader in adding demonstrative value to the business banking relationship. Industry analyst Celent Communications has ranked P&H Solutions as the number one cash management vendor for each of the last three years. P&H customers include AmSouth, Citibank, City National Bank, J.P. Morgan Chase, Merrill Lynch, PNC, Sovereign Bank, and Wells Fargo, as well as hundreds of credit unions, community banks, savings banks and regional financial institutions. P&H Solutions is headquartered in Newton, Massachusetts, with offices in nine other states. Additional information can be found at www.ph.com or by calling 617-796-7700.
